

# Photocopy (enlarge, if possible) this page to draw, color, cut, and glue a model TIPI

1. Draw and color design.
2. Cut out cover.
3. Cut out poles, cutting each pole down to tab.
4. Glue tab on poles to back of cover.  
Allow glue to dry.
5. Fold up smoke flaps along dotted line.

6. Glue tab on cover.  
Roll cover into cone shape until both sides meet.

7. Bend and spread poles.
